Application #:

Principal Investigator(s):

OVERALL IMPACT

Reviewers are asked to provide an overall impact/priority score to reflect their assessment of the likelihood for the project to promote the training of pre- and postdoctoral fellows in biomedical, behavioral and clinical research, in consideration of the following five core review criteria, and the additional review criteria (as applicable for the project proposed).

[Overall Impact](#) Write a paragraph summarizing the factors that informed your Overall Impact score.

SCORED REVIEW CRITERIA

The review group will address and consider each of these criteria in assigning the application's overall score, weighting them as appropriate for each application. Reviewers will first determine the quality of the proposed research training program, including information presented in the data tables and appendix, and then consider whether the requested number of trainee positions is appropriate for the program.
